OUR COLLEGE

St. Xavier's College of Education is one of the three educational institutions owned by the Society of St. Francis Xavier, a body registered under the Societies Registration Act, (S.No.3 of 1920-21) having its office at Palayamkottai. The College administered by Jesuits (Members of the Society of Jesus) was started in 1950 as St. Xavier's Teachers' Training College at St. Xavier's (Autonomous) College Campus by Rev. Fr. Bonhoure, S.J. as its first Principal. The college has gradually established its mark of excellence on the educational map of India by hard and strenuous efforts of Rev. Fathers, Rev. Brothers and lay collaborators.

THE COAT OF ARMS

The three branches of Palm leaves on the right side of the emblem signify that our institution is situated in Tirunelveli District. The ear of rice corn arched on the left side of the emblem represents Maruthanilam. The local symbol connected by a cross highlights the fact that ours is a Christian Institution. At the middle and bottom of the cross, the college motto '**Veritate Lumen et Vita**' (Light and Life through Truth) is inscribed.

The shield at the front of the cross, has two divisions. On the right IHS, the Jesuit motto, is inscribed. The squares on the left indicate the spiritual, moral, emotional and intellectual development that education fosters in a person. The emblem thus means that St. Xavier's College of Education is a Jesuit institution of higher learning, established in the Tirunelveli District for the all round development of its pupils.

THE SOCIETY OF JESUS (S.J.)

The Founder of S.J.

The Founder of the Society of Jesus, St. IGNATIUS LOYOLA, born in 1491, was the last child of a large Basque family in Spain. The name LOYOLA came from the ancestral castle that was the family heritage. Ignatius was trained to arms and to the etiquette of court life. He enlisted himself in the border wars with France and was badly wounded in a battle. As he lay convalescing at Loyola, he read the Gospel narratives and the lives of saints and was inspired to follow Christ by giving up all worldly ambitions and trappings of power and embracing a life of poverty, sacrifice and service after the example of his saintly mentors.

He began this new life at the age of 31. He spent a year of severe penance and intense prayer in a solitary cave on the banks of the river Cardoner near the town of Manresa.

He recorded his experiences in the book of the Spiritual Exercises, which became the soul and centre, the rule and character of every Jesuit who came after him. Reflecting on the crisis in the Church of his time, he felt that the need of the hour was for learned and holy priests, free of greed and ambition and ready to serve the poor and to give witness to the love of Christ for men. To achieve this objective, he set himself in right earnest to study from grammar school to college and University in the various Spanish centres of learning and finally took his Master's Degree from the Sorbonne University, Paris.

After completion of his studies in Philosophy and Theology he was ordained a priest in 1537. He won over a group of brilliant and like-minded University men (one of whom was St. Francis Xavier), moulded them by the Spiritual Exercises and welded them into a religious fraternity which became the Society of Jesus or Jesuits in 1540 as they popularly came to be known in course of time.

Madurai Jesuit Province

St. Xavier's College of Education is run by the Society of Jesus. The Society of Jesus (the Jesuits) is a world wide organisation of religious men, numbering about 24,400 who work out of 1825 houses in 112 countries, of whom over 3747 are working in the 16 provinces of India.

In Tamil Nadu, at Madurai in 1609, the Portugal Jesuits started their mission under the leadership of Robert De Nobili. But unfortunately in 1773, the Society of Jesus was suppressed due to some political interferences and later restored in 1814. After the restoration, the new Madurai Mission was nurtured by French Jesuits. It was on 4th February 1929, the anniversary of the Martyrdom of St. John De Britto, that the Madurai Mission was elevated to the status of Vice-Province, dependent on the Toulouse Province. A few years later, it was raised to an independent province on 15th August 1952 with Fr. Humbert Pinto (1899-1981) as the Acting Provincial. At the time of transfer of power by the French to Indians, there were 400 Jesuits of whom 300 were Indians.

Today in Madurai province, there are more than 500 Jesuits, spilled all over Tamil Nadu, in Nine University Colleges, Nine Higher Secondary Schools, Two Technical Institutes, Three Community Colleges, Five Social Action Centers and other sectors like Communication, Formation, Pastoral, Spiritual and Inter-Faith Dialogue.

Jesuit Education - New Orientations

Jesuit Education in the Madurai Province (Tamil Nadu) today draws its inspiration from the two epoch-making statements, viz, the vision Statement and Preamble to Jesuit Higher Education, that originated in the Madurai Province Meet of 1985.

Excerpts from the Vision Statement

"We understand that the contemporary equivalent of the mission of salvation is the integral liberation of man which is crystalized for us today in an ardent desire to work ***towards liberation together with the poor.***

The preferential option for the poor means that we cast our lot with them through concerted social action. Our love is, indeed for all human beings, but it assumes different forms. We love the oppressed by espousing their cause and we love the oppressor by emancipating him from his greed and domination which dehumanize him".

Excerpts from the Preamble to Higher Education 1985

"Our educational institutions will shape our students into agents of social change, preparing them for concerted social action and thus paving the way to mass movements which will bring about the desired liberation." They will in their admission policies actualize our preferential option for the poor by "giving a privileged place to the weak who are poor economically and academically and form them as men for others". Stamped with the Ignatian hallmark of excellence and relevance, "they will challenge the existing educational system into reorienting it in order to respond to the crying needs of today's society. They will also promote research in the branches of arts, sciences and relevant pedagogy which would help to build a just social order".

Excerpts from the Document of General Congregation - 34

"We recognize that Universities remain crucial institutional settings in Society. For the poor, they serve as major channels for social advancement. In and through Universities, important debates take place about ethics, future directions of economics and politics and the very meaning of human existence that shape our Culture".

Excerpts from the Document of General Congregation - 35

The complexity of the problems we face and the richness of the opportunities offered demand that we engage in building bridges between the rich and the poor establishing advocacy links of mutual support between those who hold political power and those who find it difficult to voice their interests. Our intellectual apostolate provides an inestimable help in setting up these bridges, offering us new ways of understanding in depth the mechanisms and links among our present problems. Many Jesuits in educational, social promotion and research institutions together with others engaged directly with the poor are already committed to this work.

This congregation urges all Jesuits and all partners engaged in the same mission, particularly the universities and research centres, to continue promoting studies and practices focusing on the causes of poverty and the improvement of the environment. We should find ways in which our experiences with refugees, the poor, and the displaced, on the one hand, and people who work for the protection of the environment, on the other hand, could interact with those institutions so that the research result and advocacy would be of practical benefit to society and to the environment.

(ii). Social Project (1 Credit)

The main aim of education is to help the students become aware of their own personality and their roles in the society. Quality education creates the base for better society. Through education the students understand the nature, diversity and functioning of society. The teachers help them discover the ways and means to find solutions for the social problems. Unfortunately, they fail to apply their skills and knowledge in analyzing the social problems while they are in the service; hence, there is a widening of the gap between the students and the society. In order to make the education meaningful, it is necessary to create interaction between the students and the society. Keeping this in mind the college has introduced a social project for second year B.Ed. students.

Objectives

The objectives of the social project are as follows:

- To make the students get direct (real life) experience with the society.
- To train the teacher trainees to critically and analytically view real problems of the society.
- To make the students become aware of the social issues / problems.

- To make the students understand the importance of social research.
- To connect the institution with the wider society.

Mode of Operation

- The staff members who are in-charge of this programme have a discussion with the students about the social issues around them. They select five topics based on their discussion.
- The students are divided into groups. Each group consists of 10 students.
- The tools for the social project are constructed by the B.Ed. students and validated by the faculty members of our college.
- After validating the tools, data collection is done by the groups. A separate day is allotted for data collection and that day is called '**Social Project Day**'. The students visit in and around Tirunelveli area under the guidance of staff-in charge to collect data from the target group. The students are paid for their conveyance and refreshment by the college.
- The scoring and data entry are done by the students, after the data collection. The data analysis is conducted by the students under the ample guidance of teacher educators.
- The result of the social project is prepared in the format of Book and published by St. Xavier's College of Education with ISBN number during the Annual Day Celebration. It serves as a source of reference for the policy-makers, educationists, researchers and students to reflect on the social issues and problems of the people in Tirunelveli area.

Norms

- This extension activity is performed in the fourth semester.
- The credit and distribution of hours are proposed as follows:

Title of the Activity	Credit	Introduction of Issues (Hrs)	Preparation of Tools (Hrs)	Data Collection and Analysis (Hrs)	Total Hours
Social Project	1	3	7	15	25

- Every student has to submit their social project on the specific topic in the form of report as a record.
- This will be evaluated through Viva-Voce Examination.

5. Curriculum Transaction

The focus of curriculum transaction would be on self-study and independent learning or 'Learning to Learn'; transaction through lecture should be minimum in number but art of preparing and delivering lectures will have to be learnt. Seminars, Workshops, Laboratory and Library techniques, Group discussion, Fieldwork, Use of ICT, Preparation of learning materials and other kinds of projects, their evaluation by peer groups and teachers etc., would be the main methods of curriculum transaction.

During this period they will be required to teach sufficient lessons under the supervision of the teacher educator and the mentor teacher (Subject teacher in the practice teaching school concerned). The teacher educator will discuss with the student teacher his/her performance and will provide feedback for improvement. The main objective of the internship programme would be the participation of the student teacher in all the activities of the school and acquire their knowledge so that when he takes up the job of a teacher, the school and its climate may not appear unfamiliar to him and he may prove his utility from the day one itself.

6. Evaluation

Evaluation would be of a comprehensive and continuous nature. Its purpose would be to improve the performance of student teacher and improve teaching competencies and performance skills. It should be formative and summative in nature. AIMS ACCORDING TO SECONDARY EDUCATION COMMISSION

"The educational system must make its contribution to the development of habits, aptitudes and qualities of character which will enable its citizens to bear the responsibilities of democratic citizenship and to counteract all those fissiparous tendencies which hinder the emergence of a broad national and secular outlook".

TOWARDS COMMUNION WITH MOTHER EARTH IN HUMAN SOLIDARITY

(Excerpts from THE STATEMENT OF THE JESUIT MADURAI PROVINCE ASSEMBLY
HELD AT ST. JOSEPH'S COLLEGE, TIRUCHIRAPALLI ON 27th-28th DECEMBER 2008)

We stand at a critical moment of Earth's history and we perceive more clearly than ever before that Mother Earth is groaning under the impact of environmental degradation. We also note with grave concern that Mother India is being subjected to the onslaught of communalism.

The cry from the wounded Mother Earth caused by the unprecedented environmental destruction through depletion of natural resources, desertification, global warming, pollution and widespread displacement of people caused by ill-conceived developmental initiatives is echoed across the universe (GC35 D3/33). In fact, the very survival of the earth community is being endangered. This calls for urgent intervention with effective advocacy to restore the environment as the sacramental site of salvation.

In today's global context of growing fundamentalist ideologies based on religion, the secular and pluralistic image of our own country is being tarnished with ever increasing virulence.

We need to counter this. We should not be mute and passive spectators to the violation of human rights in our country but act as a protest force raising our voices unitedly against such inhuman acts. In this context, we pledge to promote the culture of dialogue and reconciliation across various sections of our country appreciating pluralism. We hope thus to build up a harmonious and equitable society which upholds the inalienable human rights and dignity of all.

We acknowledge humbly that our response so far to the ecological disaster and the onslaught of fundamentalism has been minimal and uncoordinated. We are grateful to all people who, with their enduring search for human dignity, permit us to accompany them in this historical striving for eco-restoration and human solidarity.

PRAYER BEFORE THE CLASS

O God, Who are the Truth and the Origin of all knowledge, bless our studies which we consecrate to you. Enlighten our minds, strengthen our memories and direct our will towards what is right. Grant us to seek truth always and make us truly wise.

PRAYER AFTER THE CLASS

O God, infinite wisdom and the Source of all knowledge, grant that we may remember what we have learnt. We offer you our work and endeavours, our failures and success. Forgive us, our shortcomings and give us the courage to follow always the path of truth.

All : Our Father in heaven
Holy be Your name,
Your kingdom come,
Your will be done
on earth as in heaven.
Give us today our daily bread,
Forgive us, our sins
as we forgive those who sin against us.
Do not bring us to test
but deliver us from evil.
For thy kingdom, the power
and the glory are yours,
now and for ever.
